MILTON.

—Attend the Band concert at College Chapel to-night, and not only enjoy yourself but also give the band boys a benefit.

—On Saturday evening the Oropellian Lyceum held its semi-annual session in the College Chapel, and was corded a liberal patronage. The President of the Lyceum, Mr. D. F. Brown, called the meeting to order at the appointed hour, an innovation that his successors in office would do well to adopt as their rule of practice, and as a consequence about one third of the patrons of the session were not present to hear the first part of the programme. The late comers, however, can blame no one but themselves, as the posters announced that the session would begin at 7:30 sharp, and that does not mean 8 o'clock. The exercises were prefaced with an excellent prayer by State Superintendent Whitford, and music, "Hear O Father," by a male quartet, composed of Messrs. Stetson, Ferris, Clarke and Anderson, after which the following programme was presented:

Opening oration—"Our Heritage"—W. D. Thomas.

The gentleman is a quiet, unobtrusive speaker and rather lacking in vigor. His oration was thoughtful and gracefully written. He reviewed briefly the past to contrast it with the present age as an evidence of the great advantages that man can derive from the study of the Bible. He then gave us the art, home political economy, but the Divine Master's teaching is our best and grandest heritage.

Oration—"The Voyage," B. H. Welch.

He described the dangers incident to the voyage of a ship "mid an angry sea, and compared to it the voyage of life and man's struggles with adverse winds and passion's waves, which in many instances make him stronger to fight the battles of life if hope is the incentive and honor the goal. Mr. Welch speaks hurriedly and his enunciation is faulty, but these defects he will overcome in time. His oration was well written and had in it much good thought.

Music—"The Kever is Free"—Quartet.

Recitation—"A C Whitford."

His selection was descriptive of Webster's reply to Hayne in the Senate, and it was presented in an interesting manner. He is an easy, graceful speaker and acquitted himself well.

Oration—"Socrates"—E. D. Dike.

This gentleman is rather tame in his delivery, but will overcome that no doubt in future efforts. The oration consisted of a lengthy biographical sketch of the philosopher and was of interest to the student. The effort was well written and showed much thought, but was too long.

Music—"Lashed to the Mast"—Quartet.

Paper—"The Oropellian Standard"—C. W. Crumb.

The editorial was well written and original in thought and style. The literary matter was of interest and gracefully written and the obituary notice of the late Miss Wetmore was really excellent. The local matter contained some personal items that should have been left out and we regret very much that the societies cannot give their patrons a paper now and then that is free from such objectionable features as they are never productive of lasting pleasure to any one and often produce injury that do much harm to both the victim and the executioner. The paper, as a whole, was equal to many of the best of the sort and was read well, although the editor should have had more preparation. All of the above named gentlemen appeared for the first time on this occasion and taking into consideration that fact acquired themselves in a very creditable manner and our criticisms on their efforts are made in a kindly spirit for the purpose of calling attention to deficiencies, which we think they can overcome on future occasions, and not for the purpose of fault finding.

Music—"When the Mists Have Rolled Away"—Quartet.

Address—"Outlines of Character," R. J. Green.

This gentleman is a speaker whom it is a pleasure to hear and his effort was a grand one. Being a former member of the Lyceum he kindly consented to take a place on the programme thereby giving the audience a pleasant literary treat. He defined character to be an assembly of qualities that distinguish one individual from another, and illustrated character by contrasting Borgia and Washington, and Byron and Bryant. We refrain from giving any lengthy notice of the effort as it will probably appear in the College Journal in its entirety.

Music—"The Winds Are All Hushed"—Quartet.

The music was really excellent the selections being of a high order, and rendered in a very pleasing manner. The singers were heartily encouraged and they deserved it being by all odds the best male quartet that has sung here in many a day.

—Considerable cheese factory stock was sold here last week to Goodrich at 10 cents on the dollar. We know of several parties that would be glad to buy all the stock at fifty cents on the dollar. The stock list at the present writing, but is meandering and will soon be on hand for duty we trust.

—Quite a delegation of our citizens attended the Clement Bros' concert on the evening of the 17th inst., and the general opinion seems to be that the concert was not equal to those previously presented by the company.

—Some of our solid farmers who ought to know whereof they speak, say that the winter wheat has not been winter killed. We hope that such are the facts in the case.

—Waterman and Palmist shipped a car load of live hogs to Milwaukee on the 17th inst., \$3.90 being the outside price.

—On the 17th inst. three men bound for Dakota in an emigrant wagon took a fancy to Tom Eddies' Shepherd dog and carried him away. The next morning Thomas followed on their trail and overhauled the party at Milton Junction, where he made them pay him \$5 and give up the dog. We don't want the company of a dog at that price.

—Dr. Armstrong, of Boacabel, was in town Wednesday evening visiting his relatives.

—Mrs. Chapman was buried in the village cemetery last Sunday. The remains were followed to the grounds by a long procession of neighbors and friends.

—Good butter is a very scarce commodity in this market just now and retails at twenty cents.

—Prof. O. E. Larkin, of Walworth Academy, was in town Saturday and Sunday and was looking hale and hearty.

—Frank L. McKee, agent of the St. Paul company at Waterville, Minn., and wife, arrived here on Friday and visited relatives.

—The eighteen Miltonians who were requested to visit Elkhoron on the 24th inst by the politeness of Sheriff Comstock, gave thanks on Saturday when postal cards were received informing them that owing to the sickness of District Attorney Sale they would not be needed at that date.

—Geo. W. Brown, of Utica, was in town to attend the Oropellian session.

—The pupils in the schools in the "Mills" and "Paul" districts will hold a joint public exhibition, under the direction of their teachers, Messrs. Harvey and Smart, at the Oropellian chapel, four miles west of this village, on Saturday evening March 6th. All are invited to be present.

—Miss Lizzie Gilles, of Union, spent a few days in town last week, and attended the "Oro's" session.

—E. B. Saunders, Esq. of Princeton, Ill., was in town Sunday and Monday, to visit his parents. He seems to be blessed with good health; his legal profession evidently agrees with him.

—Goodrich has bought a Holstein bull for the purpose of improving his stock.

—George Van Campen, of Olean, New York, arrived here Saturday, being called west by the illness of his infant son. We regret to note that the baby is very low, and there is but little hope of its recovery at the time we write.

—The Union revival meetings last week, were liberally attended, and there seems to be a lively interest manifested in the work. The local clergy were assisted last week by Rev. James Richardson. Sunday evening it was decided to continue the meetings at the Seventh Day Baptist church, this week, each evening except on Thursday evening, when the meeting is to be adjourned to allow those who desire to attend the Band concert. Meetings at the church begin at 7:30, and are preceded by the meeting of the College Christian Association in the Davis room of the College at 6 p. m.

—The Hon. W. C. Whitford, Superintendent of Public Instruction, is for Grant. Thinks Grant is the greatest man alive today, and favors his Presidential aspirations for a variety of reasons; thinks his nomination at Chicago is certain, and that his election to the Presidency is also sure. He thought the State would vote for any Republican candidate, but Grant or Washburne could carry it easily. It would be a hard tug with Sherman for the candidate, but even that could be done. Mr. Whitford thought the delegates would be most likely for Blaine. Blaine men were the most aggressive.—From Chicago Tribune of the 21st.

CATARRH SEA WLS!

NEVER-FAILING RELIEF

AFFORDED BY

SANFORD'S RADICAL CURE.

IT is a fact that can be substantiated by the most respectable testimonials ever offered in favor of a Radical Cure for CATARRH, that in every case of long standing, or how severe the disease, the first dose gives such evidence of its value in the treatment of Catarrh of the bladder, that confidence is at once felt in its ability to do all that is claimed for it. The testimony of physicians, druggists, and patients is unanimous on this point, and the accumulating evidence in point of respectability superior to any ever before obtained in favor of a popular remedy. The proprietors, therefore, may justly feel proud of the position this remedy has attained, and believe it worthy of its reputation.

10 YEARS A SUFFERER.

From Hon. Theo. P. Bogert, Bristol, R. I.

Messrs. WEEKS & POTTER, Gentlemen:—Feeling thoroughly convinced of the efficacy of your RADICAL CURE FOR CATARRH, I am induced to drop you a line to say that although I have been afflicted with this disease for ten years, and have tried every remedy, I have never found anything that promises such relief and ultimate cure as that of your cure. I have been afflicted with this dreadful disease for more than ten years, and not until recently could I be induced to persevere with any until I read the letter of Mr. Henry Wells, and can truthfully say that after using three bottles, I am thoroughly convinced of its curative properties. Hoping that others similarly afflicted may be induced to make the trial, I am, gentlemen, very truly, etc. THEO. P. BOGERT. Bristol, R. I., July 21, 1877.

Head, nerves, kidneys, bladder, womb, and blood affections of the urinary organs, gravel, sciatica, rheumatism, catarrh, asthma, bronchitis, dyspepsia, &c.

Dr. Price's reputation has been acquired by candid, honest dealing and years of successful practice.

My practice is not one of experiment, but founded on the laws of Nature, with years of experience and evidence to sustain it, does not tear down, but builds up, and does not destroy, but restores, no trifling, no flattery. We know the cause and the remedy needed; no guess work, but knowledge gained by years of experience in the treatment of chronic diseases exclusively; no encouragement without a prospect. Candid in our opinions, reasonable in our charges, claim not to know everything, or cure everybody, but do lay claim to reason and common sense. We invite the sick, no matter what their ailment, to call and investigate before they abandon hope, make interrogations and decide for yourselves; it will cost nothing as consultation is free.
